An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Norma Henderson on September 1, 2004.

The application has been amended as follows:

Claims 1-14 and 19-20 have been canceled as being drawn to an embodiment that was non-elected without traverse.

In claim 15, line 7, the words "visual memory cue" have been deleted.

In claim 15, line 8, the "," has been deleted.

In claim 21, line 8, the words "visual memory cue" have been deleted.

In claim 21, line 8, the "," after the word representation has been deleted.

In claim 23, lines 7-8, the words "visual memory cue" have been deleted.

In claim 23, line 8, the "," after the word representation has been deleted.

In claim 24, line 3, the word "Plataue" has been changed to -- plateau --.

Claims 15, 21, and 23 have been amended to eliminate the term visual memory cue. Specifically, during a phone conversation with Ms. Henderson on August 26, 2004, the examiner indicated that it was unclear how the object display cued a memory, as it was not really discussed in the specification. In addition, the examiner indicated that a numerical display was also a memory cue. Therefore, applicant agreed to eliminate the term memory cue from the claims.

Claim 24 was amended to eliminate a typographical error.

The following is an examiner's statement of reasons for allowance: None of the art uses an intuitive graphical representation or a perceptual diagram to represent data from both a pressure and a volume ventilator. It is the examiner's position that the definition of an intuitive graphical representation and a perceptual diagram is clear from the specification.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert L. Nasser whose telephone number is (703) 308-3251. The examiner can normally be reached on Mon-Fri, variable hours.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Max Hindenburg can be reached on (703) 308-3130. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
